Dear Sir:

On Friday, May 3, 1985, personnel from the City of Springfield's Water Pollution Control Section, Surveillance and Enforcement Branch, responded to a diesel fuel spill within the city limits. The spill occurred when one of your trucks (License No. Illinois 176 248 ST.), driven by Mr. Bobby Alan Smith, left the I-44 overpass and fell down onto Broadway Street. The crash ruptured both saddle tanks of the tractor spilling approximately 300 gallons of diesel fuel.

Spill clean-up of the fuel was attained by absorption with dry sawdust by the Springfield Public Works Department on Friday morning. The oil saturated sawdust was removed on Saturday morning. By the authority of the City Ordinance, the City of Springfield is required to seek recovery of the costs of labor and material used in the spill abatement effort. By means of a copy of this letter, these costs are being certified to the Director of Finance as true and accurate costs incurred by the City of Springfield.

A summary of these costs is as follows:

Labor:

5 street maintenance workers (2 hrs each)	
1 Water Pollution Control Inspector II (4 hrs.)	\$196.80

Materials:

2 loads sawdust (\$52.00 a load)	\$104.00
2000 gallons of water	4.00

Equipment:

5034	19 miles @ .50/mile	\$ 9.50
6015	12 miles @ .50/mile	6.00
7024	2 hrs. @ \$50.00/hr.	100.00
		<u>\$420.30</u>

2900 N. Broadway
